REPRESENTING

Darleen Westcott

MDNR-DEQ-Hazardous Waste Program

Tom Sanicola

Modine Manufacturing Company

SUMMARY OF CONVERSATION I called Mr. Sanicola to let him know we had no
comment on the above-referenced work plan and that Modine should proceed. He
indicated that the work will be conducted on May 14, 15, 16, 17, and 20. I
told Mr. Sanicola that Mr. Gene Williams of the Groundwater Enforcement Unit
would be on site to observe at least one of those days.
I also reminded Mr. Sanicola that the closure activities were extended for 180
days on January 19, 1996, and closure of the RCRA interim status unit should
be pursued shortly after this investigation is finalized.
